His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of El Paso, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at Irvin & Co., druggists; every bottle guaranteed.

My wife has been using Chamberlain's Pain Balm with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of results. She has used only one bottle and her shoulder is almost well.—Adolph L. DESERTER BROUGHT BACK.

Negro Soldier Now An Inmate Of The County Jail.

Captain Boone, sheriff of El Paso county, returned yesterday from Valentine with A. H. McCurry, the negro soldier who deserted from Fort Bliss early last week.

An indictment was found last Friday against McCurry for highway robbery and he will be held to answer to that. He says he has no fear of conviction in the civil courts, but dreads the court martial, which will try him for desertion.

McCurry said he had made up his mind to return and surrender himself when captured. His record, according to his own story, is an honorable one. He was in the battle of El Caney and was subsequently honorably discharged, but reenlisted.

HOW HE WAS CAPTURED.

Conductor G. H. Aitken is responsible for the capture of McCurry. He found the soldier in a box car of his train Friday and locked him in. This occurred sixteen miles this side of Valentine. Twelve miles further east McCurry managed to break open the end of the car and escape.

Conductor Aitken reported the matter to the officers at Valentine and two of them went in pursuit of the negro. He was overtaken twenty miles west of P. tracks. When captured the man told the officers that he thought they were hunting rabbits instead of being after a poor negro soldier. Ten dollars in money was found on the prisoner's person.

Poisoned by Oysters.

Several prominent citizens have been made seriously ill during the past few days by eating oysters which had been long on tap. The oyster is all right when he is fresh, but if he is kept on exhibition too long before being cooked, he becomes unwholesome as food and the effect is very similar to that of cholera morbus.

FISH FOR CLOUDCROFT.

Waters Adjacent To This Imperial Resort To Be Stocked With Rainbow Trout.

The management of the El Paso & Northeastern railroad has just made arrangements with the United States Fish and Fisheries commission to plant a carload of Rainbow trout in waters adjacent to Cloudcroft.

Experts in these matters say that several miles of the upper Pecos can be made into an ideal trout stream and the Bonita, Ruidoso and Eagle waters have long been famous in this respect. All these streams will be liberally supplied from this car load and care is to be taken to preserve the fish from poachers.
